

## Tower of David

### Jerusalem's guardian, recreated in sound and light

The Tower of David, near Jaffa Gate, is a fortress and museum showcasing Jerusalem's history through its many empires and rulers. The actual link to King David remains unclear. The site has served as a military stronghold since Herodian times and was rebuilt by Crusaders, Mamluks, and Ottomans. Climb the ramparts for panoramic views of the city's skyline.

For a special treat, enjoy a sound and light show of the area's history.
